## PROFESSIONAL SUMMARY

AWS Certified Junior Solution Architect with 3 years of hands-on experience in the IT industry. Proven background in managing and supporting cloud infrastructure, including one year in AWS solution architecture. Strong foundation in Linux system administration and automation, with a passion for designing scalable and cost-effective cloud solutions.

## WORK EXPERIENCE

Junior Solution Architect Engineer

IP Solution Technology | July 2024 – Present

- Designed and deployed scalable AWS infrastructure for client projects using CloudFormation and Terraform.
- Collaborated with DevOps teams to implement CI/CD pipelines using Jenkins and Git.
- Managed and optimized AWS services including EC2, S3, IAM, RDS, and CloudWatch.

Linux System Administrator

IP Solution Technology | July 2023 – July 2024

- Maintained and configured Linux servers across development and production environments.
- Automated routine tasks using shell scripting and cron jobs.
- Provided support for networking, user permissions, and system monitoring.

IT Associate

IP Solution Technology | July 2022 – July 2023

- Supported system maintenance, updates, and user management in enterprise environments.
- Assisted in network configuration and basic troubleshooting.
- Gained exposure to cloud concepts and began upskilling in AWS.

## EDUCATION

Bachelor of Technology in Computer Science  
XYZ University, India | Graduated: 2022
